Monitoring Run Summary

This is Rose Watch's first monitoring pass under the current system. All 14 known reseller sites (16 URLs) on the closed crawl roster were attempted. Product catalogs were pulled directly from each accessible site's own product data feed (Shopify's product API, Squarespace's collection data, or the WordPress REST API) and checked against the Master Trademark Filing Chart. 156 matches were carried through into full, evidence-complete case records this run. Per current reporting policy, this PDF itemizes matches against **Registered** trademarks only, since those are the only marks currently enforceable; Pending-trademark matches are still fully recorded with complete evidence in the case database and dashboard.

New Findings (Registered Trademarks Only)

This report itemizes matches against **Registered** trademarks only — those are the only marks currently enforceable. 122 additional matches against **Pending** trademarks were also found today; they remain fully tracked with complete evidence records in the case database and dashboard, and will appear here automatically once/if their trademark registers.

Each row below is a potential lead for Francis Roses or legal counsel to review — a matching product or trademark name, not a legal determination of infringement. Grouped by seller/site; click “View listing” to go directly to the product page.

Access & Research Limitations

Company	URL	Limitation
Ergonzy / Ergonzi (Etsy)	https://www.etsy.com/shop/Ergongzi	Etsy blocked direct access (HTTP 403, bot/access detection) on the sibling Etsy shops checked this run; not independently re-verified for this specific shop.
GCM Ranch	https://www.etsy.com/shop/GcmRanch	Etsy blocked direct access (HTTP 403). Known-sites notes indicate this shop closed and now redirects to kisakiplant.com, which is monitored separately as its own site -- awaiting user confirmation before treating that redirect as in-scope.
Jessie's Roses	https://www.jessiesrose.com/	Site is password-protected (Shopify storefront access gate) -- product catalog could not be accessed.
Jessie's Roses (Etsy)	https://www.etsy.com/shop/JessiesRoseUSA	Etsy blocked direct access (HTTP 403, bot/access detection).

Screenshot capture: Full-page screenshots could not be captured for any listing this run: the session's headless browser (Playwright/Chromium) cannot complete a connection through this environment's network egress proxy (the connection resets mid-handshake), even though direct page fetch and text verification succeed for accessible sites. Evidence text (titles, prices, descriptions) was independently verified directly against live pages instead.

Dashboard

The Rose Watch dashboard (Overview, Trademarks, Cases, Known Sites, Needs Review, Data Sources) was updated to reflect this run.

Rose Watch's work is investigative research, not a legal determination. A matching product or trademark name is a potential lead that must be reviewed by Francis Roses or legal counsel before any action is taken.
