

# Rose Watch Daily Report

Francis Roses · IP monitoring & evidence-management system

**As of: 2026-09-15 06:08 MST (America/Phoenix) — evidence and findings below reflect the state of each site at the time it was checked.**

Report generated: 2026-09-15 10:23 MST

## Monitoring Run Summary

**No new potential infringement findings were identified during this monitoring run.**

All 14 known reseller sites (16 URLs) on the closed crawl roster were attempted. Product catalogs were pulled directly from each accessible site's own product data feed (Shopify's product API, Squarespace's collection data, or the WordPress REST API) and checked against the Master Trademark Filing Chart. No new matches against the active trademark list were found this run. 153 previously existing cases were re-verified still present in their site's current catalog. Per current reporting policy, this PDF itemizes matches against **Registered** trademarks only, since those are the only marks currently enforceable; Pending-trademark matches are still fully recorded with complete evidence in the case database and dashboard.

**Screenshot capture:** Still no case has a screenshot on file -- same network-proxy limitation as prior runs. Explained to the user in chat on 2026-09-14; awaiting their choice of approach (manual capture vs. Wayback Machine vs. environment-level fix).

## Dashboard

The Rose Watch dashboard (Overview, Trademarks, Cases, Known Sites, Needs Review, Data Sources) was updated to reflect this run.

Dashboard: <https://claude.ai/code/artifact/16e0d5da-a772-4f6c-81b7-80697febeeb1>

Rose Watch's work is investigative research, not a legal determination. A matching product or trademark name is a potential lead that must be reviewed by Francis Roses or legal counsel before any action is taken.

## All Past Findings (Registered Trademarks)

Every Registered-trademark case on record to date, not just today's, split into sections by the month each was first found. Pending-trademark cases are omitted here too, consistent with this report's Registered-only policy -- see the dashboard for the complete history including Pending.
